

## Daily Sign-In/Contact Tracing Log

All troops and service units that offer in-person programs or meetings must keep a log of who attends those events. This log will be used to assist in contact tracing should we become aware of a positive or presumptive-positive COVID-19 case. Each person who attends the program/meeting must be on this list. If the program/meeting organizer is contacted after the program/meeting, the organizer must immediately contact their Troop Experience Manager and include a copy of this log in the e-mail. The name/identity of the positive or presumptive-positive person cannot be shared. A NEW LOG IS TO BE USED FOR EACH PROGRAM/MEETING.
